123 TO DISCUSS CRICKET GAMES ON ORCHARD PARK

It has been reported several times that there is a group who are playing cricket regularly on Orchard Park and the concern is they are using a hard cricket ball which could be dangerous for the many walkers and children that use the park. The Clerk explained that the Chair has recently visited the group and they do play regularly using a hard ball although not a cricket ball. The Clerk also explained that the ground is wearing where they are playing and that it needs to be fenced off and reseeded if the Parish Council agree.

Councillor Kieran Cooper invited the residents to speak. They explained that this seems to be an organised group of players and they have been seen using a cricket ball but change it if they are approached for a softer ball. They are also wearing the full cricket protection which they question why if they were not using a hard ball. They went on to explain that there are dog walkers, Thai chi users etc that have stopped using this area of the park now as they feel they could get hit by the ball. They are aware it is a recreation field but they are playing organised cricket games and at times there could be up to 15 of them.

Options were discussed. They could be encouraged to approach Cambridgeshire Cricket and maybe join a local team or use the cricket nets at Spicers Sports ground. Then signs

were discussed and the possibility of installing a sign that reads no hard ball games but the parish council were not sure how this would be policed.

After a lengthy discussion Councillor Kieran Cooper thanked the members of public for attending and agreed to put this on another agenda to agree what to do as they will probably stop playing soon as the nights are drawing in.

Reg Cullum asked why the parish council did not have hanging baskets this summer. The Clerk explained that the parish council must get permission from the County Council and they will now not allow hanging baskets to be installed unless the installer has the G39 accreditation. This year the Clerk was unable to find a company that held this accreditation that could make and install the baskets. This is being investigated now for next year.

The report can be found on the Parish Council website or on request to the Parish Council office.

The Clerk asked if the County Councillor can investigate what weed killer is used when the County Council spray the kerbs and the manner in which it is sprayed as they have been seen on quad bikes spraying as they go along covering a wider range than just the kerbs. He agreed to investigate this and get back to the parish council.

Councillor Paul Smith asked if there was any ongoing safety in place on the guided busway which he will investigate.

Councillor Ian Reeves asked about buses and if there any plans for a bus stop on Babraham Road by the new estate. He is aware of the issue with the Citi 7 bus not stopping that far and they are working on it, he will report back when he has more information.

124 MILL LANE RECREATION GROUND LAND REGISTRY

The Clerk explained that Land Registry has now completed the application for registration of the recreation ground.

The Register confirms that the Parish Council have been registered with Title Possessory of the land (this was subject to a Conveyance dated 11 January 1965).

The Land Registry have confirmed that they are unable to grant Title Absolute in this instance because the evidence supplied does not establish the events that have resulted in the loss or destruction of the deeds and the history of the title beyond doubt. This is because the Land Registry needs to bear in mind the possibility, however unlikely, that the deeds may have been deposited as security for a loan or that all or part of the property may have been sold or gifted to a third party, which may expose the Land Registry to the risk of a claim. The Parish Council may apply to upgrade this title after 12 years, or earlier, if additional evidence comes to light. On such an application to upgrade the title, if successful, Title Absolute would be granted.

This was noted.

125 TO AGREE TO OPEN NEW BUILDING SOCIETY ACCOUNT

The Clerk has found another building society which the Parish Council can deposit money into, Hinckley & Rugby Building Society.

It was **proposed** by Councillor Kieran Cooper and **seconded** by Councillor Ian Reeves to open an account and deposit £120k.

127 TO DISCUSS SPEED CAMERAS FROM HILL DEVELOPMENT

Councillor Colin Groves explained he is still in discussions with Hills regarding the two speed cameras on Babraham Road. One still does not seem to work and they are on permanent posts so cannot be moved to different locations.

Hills are still investigating this and Councillor Colin Groves will report back once he has more information.

128 TO DISCUSS QUOTES TO REPLACE TAPS AT SPICERS PAVILION

The Cricket Club reported that a tap had been left on at Spicers Pavilion some time ago and asked if the taps could be replaced with push button taps.

Three quotes were obtained.

- £3468.00 + vat
- £1,800.00 + vat

This was discussed and Councillor Ian Reeves explained there are only a couple of taps that need replacing.

It was **proposed** by Councillor Deborah Alderwick and **seconded** by Councillor Ian Reeves to replace the leaking taps with push button taps and not all of them. As and when they need replacing, they will be replaced with push button taps.

132 TO DISCUSS TREES AT ORCHARD PARK FROM TREE REPORT

The recent tree report has some recommendations (not urgent). There are 8 willow trees on Orchard Park which have been recommended to cut to 3 meters from the ground, they currently stand at over 20 meters tall. The Clerk has obtained 2 quotes for this work although more tree surgeons were contacted. The Clerk confirmed there was still money in the budget for tree work.

134 COUNCILLORS ISSUES AND AGENDA ITEMS FOR THE NEXT MEETING

Councillor Deborah Alderwick has been approached regarding disabled access onto Mill Lane recreation ground. Some wheelchair users can access it through the bollards by the car park but if the car park is full it is sometimes difficult. She asked if maybe a parking space can be blocked off by painting the ground or/and putting up a sign and a bollard removed to make access easier. The Clerk offered to speak to the Head Grounds Keeper to get his views.

Councillor Deborah Alderwick also mentions about Slow Ways – a scheme trying to get people to walk more. She will send out the link.

Councillor Neil Reid reported a damaged wall on Orchard Park by the car park which the Clerk confirmed has been tidied up and bricks removed. He also reported a damaged bench on Orchard Park; the Clerk will investigate.

He also had concern regarding the recent work done on St Marys Church wall and explained there were gaps in the mortar on the church side. Councillor Kieran Cooper offered to speak to the Vicar regarding this.

Pursuant to Section 1 (2) of the Public Bodies (Admission to Meetings Act 1960 – it is resolved that because of the confidential nature of the business to be transacted, the public and press are asked to leave the meeting during consideration of the sensitive items in reserved matters.

It was ***proposed*** by Councillor Kieran Cooper and ***seconded*** by Councillor Deborah Alderwick to go into camera.
